THE VERY DISTINGUISHED DORTIC COLLECTION

The late Henry T. Dortic was born in Augusta, Georgia. He was widely known in his native city for his early erudition, quiet, fastidious tastes and the success he attained in his profession as a banker and broker. He retired at the early age of forty-five to join the notable artistic coterie of Americans in Paris, during the late 60's, where he enjoyed the pleasures of his *petit château* on the Champs Elysées, which he gradually filled with the beautiful objects on exhibition at the American Art Galleries, and now to be dispersed at Public Sale. Like all Americans of French descent, his native taste and judgment in art matters remained keen and sensitive to beauty to the end, as is thoroughly exemplified by the results attained. No doubt, as a precursor of the 90's and early twentieth century, he escaped the boredom now thrust on every collector, for in those earlier days fine examples of French Furniture, Porcelains, Paintings, or, for that matter, any types of antiques, were not as rare as to-day, and the specimens shown were mostly in pristine condition.

Among the choice French Eighteenth Century Furniture are Tulipwood Cabinets, two fine Aubusson Tapestry Suites, a fine Commode signed by Pierre Roussel, a number of very interesting Needlework Chairs, Screens and panels of the Seventeenth and Eighteenth Centuries, mainly in petit-point, a mantel Clock by Martinot, the case by Boulle after Bérain, and a Poudreuse by Rous. There are also a number of exquisite, reproductions made by Dasson, Fournier and other eminent Ebénistes of the day; among these are important Inlaid Lacquer and Vernis Martin Cabinets, signed by Dasson.

The Dining Room and Library were mainly in walnut, carved in the French Renaissance style by Parisian experts.

In the Salons, lighted by fine old lustered Chandeliers, were delightful assemblages of Eighteenth Century Sèvres, Saxe and Capo-di-Monte Porcelain Groups and Figurines, so very charming when placed in their true environment, and a number of French and Venetian Embroideries and Brocades added a quiet note of mellow color where requisite.

In the Library was Faience of the XVIth and XVIIth Centuries, Urbino, Castel Durante, Hispano-Moresque and Delft, including decorated Plaques, two superbly painted Vases by Orazio Fontana; two XVth Century Hispano-Moresque Plaques, enhanced with copper *reflets* and dainty vines of lovely sapphire-blue which easily rival the

two similar Plaques in the Louvre, and a unique group of Pynacker Polychrome Delft from the famous Plonquin Collection.

Gathered in the Halls were the remarkably fine Imari Porcelain Plaques and Garnitures, then perhaps more highly esteemed than now, but still undoubtedly of first decorative importance.

Of the Famille Rose, Verte and Powder Blue K'ang-hsi and Ch'ien-lung Porcelains much might be vouchsafed, for they are all of first-rate order. Among these are rare Armorial and other Plaques, and a superb large Famille Rose Garniture.

A few specimens of French XVIIIth Century Silver by Allain, Ferrier and Joubert, and a Gold Box by Bullol having remarkably perfect marks, are very attractive to the lovers of the refinements of French silver.

Among the Bronzes are several XVIth Century Florentine Groups; others by Pierre Puget, Barye and Moigniez, and a finely chiseled *cuivre doré* Clock Set by the famous XVIIIth Century maker Berthoud.

In the minor rooms, French XVIIIth Century Prints and Water-colors adorned the walls, and such thoroughly representative artists as Hubert Robert, Rowlandson, Charlier and Jongkind are to be found.

The major rooms were hung with French and Dutch XVIIth and XVIIIth Century Paintings, including Flowers and Fruit by Van Huysum and de Heem; Landscapes by Van Goyen, Berghem, Diaz and Troyon; Portraits by De Keyser, Pieter Lastmann, Rigaud, Largillière, Drouais, Chevalier, Tocqué, and an especially beautiful portrait of the "Comtesse de Pithiviers" by Mme. Loire, Nattier's very able pupil, and two of Juvenile Gardeners by Marie Jeanne Buyeau, the wife of Boucher, which certainly seem to have more than the guiding hand of her famous husband.

Judicious backgrounds of Flemish XVIth, XVIIth and XVIIIth Century Tapestries gave dignity and unity to the whole château. A Mille-fleurs Vieux Paris Tapestry Table Cover of splendid texture and color was the *Clou* of the Dining Room. The parquet floors were relieved by mellow-toned XVIIth and XVIIIth Century Persian and Asia Minor Rugs and Carpets, exhibiting weaves of Iran, Fereghan, Shirvan, Ghiordes and Melez.

The most notable feature of the collection is the unerring taste displayed in the fine selection of objects in so many different fields.

FRANK H. G. KEEBLE.

CONDITIONS OF SALE

I. Rejection of bids: Any bid which is not commensurate with the value of the article offered, or which is merely a nominal or fractional advance may be rejected by the auctioneer if in his judgment such bid would be likely to affect the sale injuriously.

II. The buyer: The highest bidder shall be the buyer, and if any dispute arises between two or more bidders, the auctioneer shall either decide the same or put up for re-sale the lot so in dispute.

III. Identification and deposit by buyer: The name of the buyer of each lot shall be given immediately on the sale thereof, and when so required, each buyer shall sign a card giving the lot number, amount for which sold, and his or her name and address.

A deposit at the actual time of the sale shall be made of all or such part of the purchase prices as may be required.

If the two foregoing conditions are not complied with, the lot or lots so purchased may at the option of the auctioneer be put up again and re-sold.

IV. Risk after purchase: Title passes upon the fall of the auctioneer's hammer, and thereafter the property is at the purchasers' risk, and neither the consignor nor the Association is responsible for the loss of, or any damage to any article by theft, fire, breakage, however occasioned, or any other cause whatsoever.

V. Delivery of purchases: Delivery of any purchases will be made only upon payment of the total amount due for all purchases at the sale.

VI. Receipted bills: Goods will only be delivered on presentation of a receipted bill. A receipted bill presented by any person will be recognized and honored as an order by the buyer, directing the delivery to the bearer of the goods described thereon. If a receipted bill is lost before delivery of the property has been taken, the buyer should immediately notify the Association of such loss.

VII. Storage in default of prompt payment and calling for goods: Articles not paid for in full and not called for by the purchaser or agent by noon of the day following that of the sale may be turned over by the Association to some carter to be carried to and stored in some warehouse until the time of the delivery therefrom to the purchaser, and the cost of such cartage and storage and any other charges will be charged against the purchaser and the risk of loss or damage occasioned by such removal or storage will be upon the purchaser.

In any instance where the purchase bill has not been paid in full by noon of the day following that of the sale, the Association and the auctioneer reserve the right, any other stipulation in these conditions of sale notwithstanding, in respect to any or all lots included in the purchase bill, at its or his option, either to cancel the sale thereof or to re-sell the same at public or private sale without further notice for the account of the buyer and to hold the buyer responsible for any deficiency and all losses and expenses sustained in so doing.

VIII. Shipping: Shipping, boxing or wrapping of purchases is a business in which the Association is in no wise engaged, but the Association will, however, afford to purchasers every facility for employing at current and reasonable rates carriers and packers; doing so, however, without any assumption of responsibility on its part for the acts and charges of the parties engaged for such service.

IX. Guaranty: The Association exercises great care to catalogue every lot correctly and endeavors therein and also at the actual time of sale to point out any error, defect or imperfection, but guaranty is not made either by the owner or the Association of the correctness of the description, genuineness, authenticity or condition of any lot and no sale will be set aside on account of any incorrectness, error of cataloging or imperfection not noted or pointed out. Every lot is sold "as is" and without recourse.

Every lot is on public exhibition one or more days prior to its sale, and the Association will give consideration to the opinion of any trustworthy expert to the effect that any lot has been incorrectly catalogued and in its judgment may thereafter sell the lot as catalogued or make mention of the opinion of such expert, who thereby will become responsible for such damage as might result were his opinion without foundation.

X. Records: The records of the Auctioneer and the Association are in all cases to be considered final and the highest bid shall in all cases be accepted by both buyer and seller as the value against which all claims for losses or damage shall lie.

XI. Buying on order: Buying or bidding by the Association for responsible parties on orders transmitted to it by mail, telegraph, or telephone, if conditions permit, will be faithfully attended to without charge or commission. Any purchases so made will be subject to the foregoing conditions of sale, except that, in the event of a purchase of a lot of one or more books by or for a purchaser who has not through himself or his agent been present at the exhibition or sale, the Association will permit such lot to be returned within ten days from the date of sale, and the purchase money will be refunded if the lot differs from its catalogue description.

Orders for execution by the Association should be given with such clearness as to leave no room for misunderstanding. Not only should the lot number be given, but also the title, and bids should be stated to be so much for the lot, and when the lot consists of one or more volumes of books or objects of arts, the bid per volume or piece should also be stated. If the one transmitting the order is unknown to the Association, a deposit must be sent or reference submitted. Shipping directions should also be given.

Priced Catalogues: Priced copies of the catalogue, or any session thereof, will be furnished by the Association at charges commensurate with the duties involved in copying the necessary information from the records of the Association.

These conditions of sale cannot be altered except by the auctioneer or by an officer of the Association.
